

Shinghi

Because Life Matter

COMPANY PROFILE

ShingHi was founded in 2001 as a company providing consulting and services in the field of civil security. The company currently represents companies in the fields of arms, ammunition, optics and night vision. The company specializes in providing advice and assistance to use U.S. FMF money and connecting Israeli with American companies to joint venture for production in the US.

Over the years the company expanded its activities to rescue, medicine, and infrastructure.

ShingHi has several large projects in Israel and abroad in the field of Search and Rescue - such as the establishment of SAR units, instruction of Civilian rescue teams, consulting to government offices dealing with emergency situations, guidance for fire brigades. Assistance, construction and consultants plans to establish frontal medical emergency rooms.
